
We have released Multiple Glossy Album

Posted by dennysp - 2008/05/29 04:00

Hello Members and Guest,

We are happy to announce that we have released our latest module called Multiple Glossy Album. It like Glossy Album with multiple choice of album. Those module available for Joomla 1.5.x and Joomla 1.0.x. Hope its useful and no bug/problem found.

Lets get it now, and for Guest or visitor, lets join with this club and then get its soon.

Best Regards,

Denny S.P.
