
Our First Pro Template now available

Posted by dennysp - 2008/05/11 12:04

Hello All,

Finally our 1st Pro Template available for demo and download(for member only). We have prepared that for Joomla 1.0.x and for Joomla 1.5.x, but for now, the available is for Joomla 1.0.x., the other will ready soon.

For demo you can visit here.

For member, please visit the membership area for download the PSD or the quick installer or just the package of the template.

Lets you know, there are 3 color style, Default (Dark Color Style), Silver Color Style and Brown Color Style.

There are 2 Module class suffix, -red and -brown and there are 4 native tabs and dropdown menu.

So don't hesitant anymore, lets join with us now. :cheer:
